The name "Bear" is Homeric, and apparently native to Greece, while the "Wain" tradition is Mesopotamian. Book XVIII of Homer's Iliad mentions it as "the Bear, which men also call the Wain".<sup>[10]</sup> In Latin, these seven stars were known as the "Seven Oxen" (*septentriones*, from *septem trionēs*).<sup>[11]</sup> Classical Greek mythography identified the "Bear" as the nymph Callisto, changed into a she-bear by Hera, the jealous wife of Zeus.
